- **Implementation of G-suite education for teaching-learning (online mode)**
  - **Scheduling online classes in Google calendar:**

- **Online classes by teachers:**

- **Offline classes (theory and practical)**

- **Feedback collected from students on teaching-learning:**

The IQAC plays an instrumental role in maintaining the quality of teaching-learning in the college. Taking feedback on curriculum and teaching-learning from all stakeholders (student, teachers, alumni etc.) is an important tool for understanding the success or failure of any process. From the session 2021-2022, the collection of feedback and Student Satisfaction Survey (SSS) was conducted through Learning Management System (LMS), maintained by Right Brains Technology. The link was made available in the college website and the students could log-in using user Id and password. An automated report was generated which was analyzed further by Principal and IQAC members.
