There is no committee as such to monitor whether code of conduct is being maintained by students and staffs.

All students are made aware of the code of conduct during admission, during the Orientation Program and during the class all through the session. The Principal, departmental teaching and non-teaching staff looks after the matter individually.

The Principal and Secretary of Governing Body looks after the matter of teaching and non-teaching staff and whether they are following the code of conduct.

If any issues develop, the matter is being discussed one-to-one, though no such serious matter has taken place this session.

The Principal holds awareness programs with teaching and non-teaching staffs on a regular basis. Screenshots of online programs:
