- 4. Ban on use of Plastic**
- 5. landscaping with trees and plants**

Options:

- A. Any 4 or All of the above
- B. Any 3 of the above
- C. Any 2 of the above
- D. Any 1 of the above
- E. None of the above

The College has taken utmost care for making the campus lush green and eco-friendly campus:

- There are lawns, playing ground with green trees planted on the side and pedestrian pathways where the students spend their free-time
- The kitchen wastes and fallen leaves are collected and are used for composting. In six months, around 100 kgs of manure has been generated; used for gardening purposes
- College has a medicinal plant garden, nectar nursery, specimen garden
- Roof-top Solar panel for conservation of energy (30 KWp DC Grid connected Rooftop Turnkey Solar Photovoltaic Project)
- Water reservoir for collecting rain water to use for gardening and cleaning (re-use of water)
- The college has also taken the initiatives to stop the use of plastics and tobacco inside the campus. Banners/stickers are displayed in different location of the campus (including canteen) for bringing awareness amongst the students and staff
- Separate garbage bins have been kept for disposal of biodegradable and non-biodegradable wastes

7.1.5. The institutional initiatives for greening the campus are as follows:

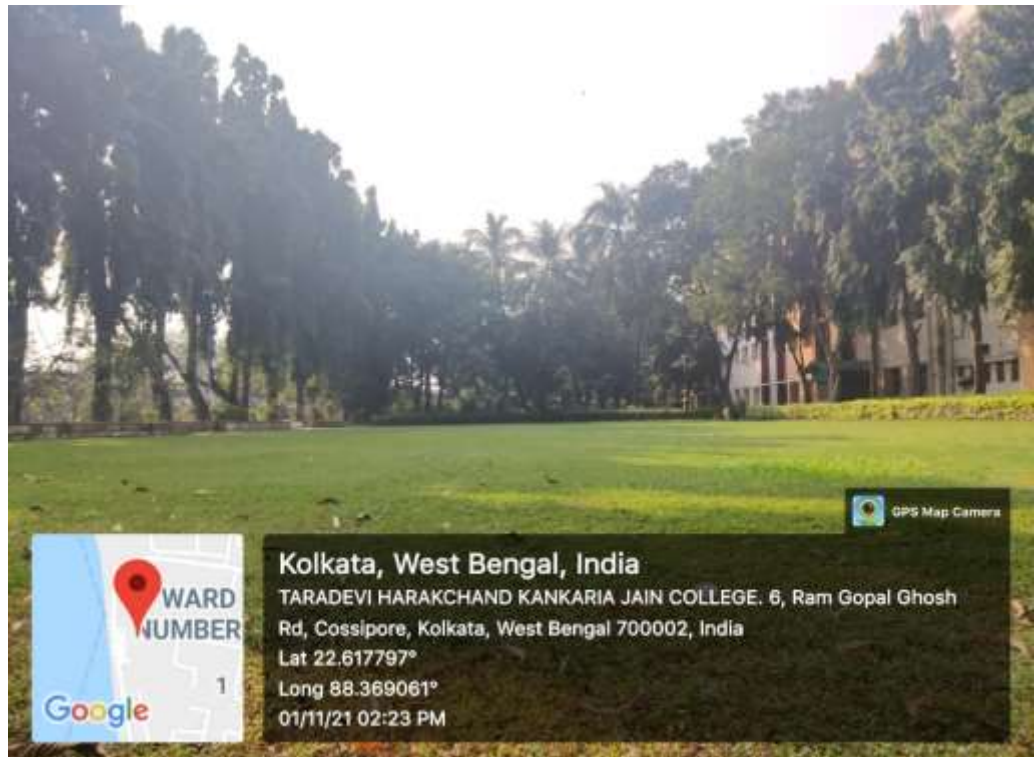

- The college has an eco-friendly campus with trees and small plants everywhere. It also has pedestrian friendly pathways and messages to save environment and keep the campus clean:
