- **Students giving class-tests:**

- **Feedback collected from students on teaching-learning:**

The IQAC plays an instrumental role in maintaining the quality of teaching-learning in the college. Taking feedback on curriculum and teaching-learning from all stakeholders (student, teachers, alumni etc.) is an important tool for understanding the success or failure of any process. The collection of feedback and Student Satisfaction Survey (SSS) is conducted through Learning Management System (LMS). The link is available in the college website and the students can log-in using user Id and password. An automated report is generated which is being further analyzed by Principal and IQAC members.
