Opportunity of Students getting Hired by _____

Student Mentoring

Seminar/Webinar

The Seminar / webinar is a part of theoretical skill up for both college students and professionals where Myra's academy gives free lectures/sessions on various subjects, courses & programs that helps students to share their career and future. Certificate of participation of the lectures are given on the condition of passing the quiz with 60% marks.

Hack-a -thon

Myra's Academy invites the young talent to be part of coding challenge. Winners get the chance to work with various technical partners of Myra's Academy.

Mentorship Program

The purpose of mentoring is to tap into the existing knowledge, skills, and experience of senior or high performing employees and transfer these skills to newer or less experienced employees in order to advance their careers. Here we provide mentorship about the Career guidance, placement preparation.

Myra's Aptitude Test

It is an intensive program that teaches students to be job ready while in final year. It is an affordable alternate to a coaching classes and saves lot of time, efforts and money while building skill set required to get a job or go for higher education.
